Comment: I am a resident of South St. Louis County (grew up in Ferguson). I demand that all of the radioactive waste be removed and buried in a distant site; the waste near the fire is tested and, if radio-active, is removed; and those near the landfill receive a buyout for their properties. I agree that a cap is not sufficient to protect the health of the citizens. Republic Services should pay for the cost out of their \$3.83 billion in profits.
